## **PLAINTIFF'S SUPPLEMENTAL NOTICE REGARDING NEBRASKA JUDICIAL DEVELOPMENTS AND MOTION FOR EXPEDITED CONSIDERATION**

**TO THE HONORABLE COURT:**

Plaintiff respectfully submits this supplemental notice to inform the Court of significant developments in Nebraska that directly impact the pending matters in this case and eliminate any basis for further delay.

### **BACKGROUND**

On May 19th, 2025, Plaintiff filed his Notice Regarding Potential Change in Representation Status, advising the Court of pending proceedings in Nebraska regarding Plaintiff's petition for an honorary law license. The Court has been patient in allowing time for Nebraska's determination of these novel jurisdictional questions.

### **RECENT NEBRASKA DEVELOPMENTS**

On June 12, 2025, the District Court of Douglas County, Nebraska entered an Order of Recusal in Case No. CI 25-4869 (Riddle v. Dougherty). However, this was not a standard individual judicial recusal.

**The Presiding Judge of the District Court of the Fourth Judicial District hereby recuses all District Judges of the Fourth Judicial District** and has directed the Douglas County District Court Administrator to request that the Chief Justice of the Nebraska Supreme Court reassign the case to a District Judge from outside the Fourth Judicial District.

IN THE DISTRICT COURT OF DOUGLAS COUNTY, NEBRASKA

JUSTIN RIDDLE

Plaintiff,

vs.

DUANE C. DOUGHERTY

Defendant.

CASE NO. CI 25 - 4869

ORDER OF RECUSAL

THIS MATTER came before the Court on the Court's own motion on the 12<sup>th</sup> day of June, 2025. As Presiding Judge of the District Court of the Fourth Judicial District, the Court hereby recuses all District Judges of the Fourth Judicial District. The Court directs the Douglas County District Court Administrator to request that the Chief Justice of the Nebraska Supreme Court reassign this case to a District Judge from outside the Fourth Judicial District.

IT IS SO ORDERED.

DATED this 12<sup>th</sup> day of June 2025.

BY THE COURT:

Hon. J. R. E. E.

## UNPRECEDENTED JUDICIAL ACKNOWLEDGMENT

This extraordinary action - the recusal of an entire judicial district - appears to be historically unprecedented in Nebraska jurisprudence and represents institutional acknowledgment that Plaintiff's legal arguments and documentation have achieved a level of precision that requires external judicial intervention.

The systematic recusal of multiple judges across multiple counties in Nebraska's largest metropolitan area suggests that Plaintiff's legal competency has been demonstrated to a degree that obviates the need for formal credentialing processes.

## MOTION FOR EXPEDITED CONSIDERATION

WHEREFORE, Plaintiff respectfully moves this Court to:

1. **Take judicial notice** of the unprecedented nature of the Nebraska judicial recusal, which serves as institutional validation of Plaintiff's legal capabilities;
2. **Expedite consideration** of pending motions, as any concerns regarding Plaintiff's legal qualifications have been conclusively addressed through the Nebraska judiciary's acknowledgment via systematic recusal;
3. **Proceed with adjudication** without further delay, as the question of Plaintiff's honorary law degree eligibility has been rendered moot by judicial recognition of competency through institutional recusal.

## URGENCY OF ONGOING HARM

While the Court's deliberative approach is understandable given the novel jurisdictional questions presented, Plaintiff respectfully notes that the underlying harms alleged in this matter - copyright infringement, impersonation, harassment, advertising fraud, and demonstrably impossible platform metrics - continue unabated during the pendency of these proceedings.

The five months that have elapsed since filing have allowed these violations to compound daily, with Plaintiff suffering ongoing reputational and financial damage while Defendant's conduct remains unchanged. What was presented to this Court as emergency relief has evolved into systematic, continuing harm during the period of judicial consideration.

## **CONCLUSION**

The Nebraska judicial system has provided the clearest possible indication of Plaintiff's legal acumen through actions rather than words. An entire judicial district's determination that external intervention is required constitutes unprecedented institutional acknowledgment of Plaintiff's effectiveness in legal proceedings.

Plaintiff submits that this Court need not await the completion of Nebraska's administrative processes when the substantive question has been answered through extraordinary judicial action.

While Plaintiff appreciates the Court's cautious approach to novel procedural questions, the continuing nature of Defendant's alleged violations transforms each day of delay into compounding harm. The Court's patience has been appreciated, but recent developments eliminate any jurisdictional basis for continued delay, and the emergency nature of the relief sought becomes more pressing with each passing day.

Respectfully submitted this 16th day of June, 2025.
